

NOTICE

Assignment of Trading Partner Agreement

between

Submitter

and

Department of Social and Health Services

to

Health Care Authority

In June 2011, the Washington State Legislature passed and Governor Gregoire signed House Bill 1738 that transferred the powers, duties, and functions of the Medicaid Purchasing Administration (MPA) of the Washington State Department of Social and Health Services (DSHS), including ProviderOne, the state's Medical Management Information System (MMIS), to the Washington State Health Care Authority (HCA).

Pursuant to this legislation and Section 12.1 *Assignment* of the Trading Partner Agreement between the parties ("Agreement"), the authority and funding for the continuation of the Agreement has been transferred and this Agreement is now assigned from DSHS to HCA effective July 1, 2011.

Submitter shall continue to submit electronic data in accordance with the terms and conditions set forth in the Agreement until notified otherwise by HCA.

All other terms and conditions of the Agreement shall remain in full force and effect and the parties shall continue to discharge their responsibilities in accordance with the terms and conditions set forth in the Agreement.

Any questions concerning the assignment of this Agreement to the Health Care Authority may be addressed to contracts@hca.wa.gov.
